

KS3 Homework Menu: Spring 2 2018

Students should complete at least 6 activities from the choices below and return them to their Mentor by 27th March 2018.

Knowledge and understanding	Apply	Question, compare and analyse	Create	Evaluate
Create a map of your local area.	Apply your knowledge of the artist Andy Goldsworthy and create a piece of artwork outside.	Create a spreadsheet comparing the weather over one week.	Create a map of the route you take to get to school.	Evaluate the importance of photosynthesis?
List the safety equipment you need for walking or cycling.	Create a leaflet for an outdoor park. Apply your knowledge of word to create this.	Compare images of different plants, trees and leaves.	Develop a piece of descriptive writing of a windy day.	Evaluate the poem Daffodil.
Use your knowledge of sounds to create a piece of music to show the weather.	Create a design for a birds nest. Label what materials you would use.	Create a bar chart to show the weather over one week.	Create your own instrument for reading the weather.	Evaluate the music of Vivaldi.
List 6 outstanding landscapes of natural beauty.	Plan a journey from your house to a local park using public transport.	Research the Fibonacci sequence and how it is used.	Create a poem to describe a woodland area.	Describe your favourite walk and explain why you like it.
Create a timeline for the key events in the history of canoeing.	List 5 safety rules to follow when playing near a lake.	Where is the Fibonacci sequence found in real life?	Create an observational drawing of a landscape of your choice.	Create a wind chime to hang outside and evaluate why it is fit for purpose.
