1 Definitions

1.1 'Safeguarding' is defined in **Keeping Children Safe in Education (2019)** as;

- protecting children from maltreatment;
- preventing impairment of children's health or development;
- ensuring that children grow up in circumstances consistent with the provision of safe and effective care; and
- taking action to enable all children to have the best outcomes.

1.2 'Child Protection' is the intervention that occurs when children have been significantly harmed or are at risk of significant harm.

1.3 'Child' refers to everyone under the age of 18.

1.4 'Parent' refers to birth parents and other adults in a parenting role for example adoptive parents, step parents and foster carers.

1.5 'Staff' or 'members of staff' refers to all teaching, non-teaching, support, supply, peripatetic, contract staff, governors, volunteers and trustees working in or on behalf of Corley Centre

2 Introduction

2.1 We recognise that safeguarding and child protection is an essential part of our duty of care to all students and all staff have a responsibility to provide a safe environment in which children can learn. We understand that safeguarding, child protection and promoting the welfare of all children is everyone's responsibility and everyone has a role to play in protecting children. We recognise that our school is part of a wider safeguarding system for children and work closely with other agencies to promote the welfare of children. We maintain an attitude of 'it could happen here' and will consider the wishes of, and at all times, what is in the best interests of each child.

2.2 The purpose of this policy is to;

- Promote safeguarding and child protection and to demonstrate Corley Centre's commitment to keeping children safe;
- Provide all members of staff with the information required to meet their safeguarding duty and protect children from harm;
- Provide stakeholders with clear information relating to Corley Centre's safeguarding and child protection procedures;
- Ensure that staff understand, can recognise and can respond to the indicators of abuse;
- Ensure that all staff are aware of their mandatory reporting duty in relation to Section 5B of the Female Genital Mutilation Act 2003; and
- Ensure that children are protected from maltreatment or harm.

2.3 Corley Centre is committed to the following principles;

- All children have the right to be protected from harm.
- Children should feel safe and secure and cannot learn unless they do so.
- All staff are responsible for keeping children safe and have a responsibility to act if they think a child is at risk of harm.
- Working with other agencies is essential to promote safeguarding and protect children from harm.

- Early help and providing support to families and/or children as soon as a problem emerges is essential to improving outcomes for children and families.

2.4 Safeguarding aims

2.4.1 The safeguarding aims of Corley Centre, in line with Keeping Children Safe in Education (September 2019) are to;

- work to identify children who are suffering or likely to suffer harm or abuse and act to protect them;

- provide a learning environment for children which is safe and secure;
- teach children how to keep themselves safe and provide structures for them to raise concerns if they are worried or at risk of harm;

4 Types of abuse

4.1 As outlined above, all staff will be trained in indicators of abuse and should be able to recognise signs of abuse. We recognise that abuse, neglect and safeguarding issues are complex and can rarely be covered by one label. Abuse can take many forms and can involve directly inflicting harm on a child, or failing to protect a child from harm. The four main types of abuse that staff are trained to recognise are;

- Physical abuse;
- Sexual abuse;
- Emotional abuse;
- Neglect.

4.2 Types of abuse (Taken from Working Together to Safeguard Children, 2018)

Type of abuse	Information
Abuse	A form of maltreatment of a child. Somebody may abuse or neglect a child by inflicting harm, or by failing to act to prevent harm. Children may be abused in a family or in an institutional or community setting by those known to them or, more rarely, by others. Abuse can take place wholly online, or technology may be used to facilitate offline abuse. Children may be abused by an adult or adults, or another child or children.
Physical abuse	A form of abuse which may involve hitting, shaking, throwing, poisoning, burning or scalding, drowning, suffocating or otherwise causing physical harm to a child. Physical harm may also be caused when a parent or carer fabricates the symptoms of, or deliberately induces, illness in a child.
Emotional abuse	The persistent emotional maltreatment of a child such as to cause severe and persistent adverse effects on the child’s emotional development. It may involve conveying to a child that they are worthless or unloved, inadequate, or valued only insofar as they meet the needs of another person. It may include not giving the child opportunities to express their views, deliberately silencing them or ‘making fun’ of what they say or how they communicate. It may feature age or developmentally inappropriate expectations being imposed on children. These may include interactions that are beyond a child’s developmental capability, as well as overprotection and limitation of exploration and learning, or preventing the child participating in normal social interaction. It may involve seeing or hearing the ill-treatment of another. It may involve serious bullying (including cyber bullying), causing children

4.3 Indicators of abuse can be found in Appendix B.

4.4 If a child is in immediate danger or at risk of harm, a referral will be made to children's social care (through the MASH) and any member of staff can make this referral. A Designated or Deputy Designated Safeguarding Lead should be available at all times, but in exceptional circumstances the member of staff should speak to a member of the Senior Leadership Team or seek advice directly from social care and then take appropriate action. The Designated Safeguarding Lead should be made aware as soon as possible.

4.5 Staff, parents and the wider community should report any concerns that they have about the welfare of children, however minor or seemingly insignificant. Staff should not assume that someone else will report concerns.

4.6 Corley Centre recognises that any child can be the victim of abuse and may benefit from early help. However, Corley Centre will be particularly vigilant to potential need for early help if a child;

- is disabled and have specific additional needs;
- has special educational needs (whether or not they have a statutory education, health and care plan);
- is a young carer;
- is showing signs of being drawn in to anti-social or criminal behaviour, including gang involvement and association with organised crime groups;
- is frequently missing/goes missing from care or from home;
- is misusing drugs or alcohol themselves;
- is at risk of modern slavery, trafficking or exploitation;
- is in a family circumstance presenting challenges for the child, such as substance abuse, adult mental health problems or domestic abuse;
- has returned home to their family from care;
- is showing early signs of abuse and/or neglect;
- is at risk of being radicalised or exploited;
- is a privately fostered child.²

4.7 Corley Centre recognises that abuse can take many different forms. Staff will also receive training on the following issues and action will be taken if Corley Centre believes that a child is at risk of or is the victim of;

- physical abuse;
- sexual abuse;
- child sexual exploitation;
- emotional abuse;
- neglect;
- bullying, including cyber- or online-bullying;
- child criminal exploitation (including involvement in county lines);
- domestic abuse;
- fabricated or induced illness;

² Taken from paragraph 18, **Keeping Children Safe in Education (September 2019)**

- faith-based abuse;
- female genital mutilation;
- forced marriage;
- gangs or youth violence;
- gender-based violence;
- hate;
- radicalisation;
- relationship abuse;
- serious violence;
- sexual violence or sexual harassment (including peer on peer abuse);
- sexting;
- So-called 'honour-based' violence;
- trafficking and modern slavery.

4.8 Corley Centre will also take action to protect;

- Children missing education;
- Children missing from home or care.

4.9 There are other familial issues that can have a detrimental impact on children.

We work with other agencies in line with Keeping Children Safe in Education (2019) to support children and families in the following circumstances;

- Children facing the court procedures and/or children in the court system;
- Children with family members in prison;
- Children who are homeless.

4.10 Corley Centre have a duty to refer any children who are living in a private fostering arrangement to the local authority.

4.11 All schools are subject to a duty under section 26 of the Counter-Terrorism and Security Act 2015 in the exercise of their functions to have "due regard" to the need to prevent people from being drawn into terrorism. See Appendix B for further information on Corley Centre's Prevent duty.

4.12 If any member of staff is unsure about signs of abuse or neglect, they should speak to the Designated Safeguarding Lead.

4.13 See Appendix B for further information and guidance on the above issues.³

5 Responding to signs of abuse

5.1 If a member of staff, parent or member of the public is concerned about a child's welfare, they should report it to the designated safeguarding lead as soon as possible. On occasions when the designated safeguarding lead is not available, it should be reported to the deputy safeguarding lead

³ Please note that definitions of physical, sexual, emotional abuse and neglect are contained in the main body of the policy. Further information about other safeguarding issues and indicators of abuse can be found in Appendix B.

without delay. Although any member of staff can make a referral to Children's Social Care, where possible there should be a conversation with the Designated Safeguarding Lead.

5.2 If anyone other than the Designated Safeguarding Lead makes a referral to children's social care or to the police, they should inform the DSL as soon as possible.

5.2 All staff will be alert to indicators of abuse and will report any of the following to the Designated Safeguarding Lead immediately;

- Any concern or suspicion that a child has sustained an injury outside what is reasonably attributable to normal play;
- Any concerning behaviours exhibited by children that may indicate that they have been harmed or are at risk of harm, including unusual changes in mood or behaviour, concerning use of language and/or concerning drawings or stories.
- Any significant changes in attendance or punctuality;
- Any significant changes in a child's presentation;
- Any concerns relating to people who may pose a risk of harm to a child; and/or
- Any disclosures of abuse that children have made.

5.3 There will be occasions where a child discloses abuse directly to a member of staff. If this happens, the member of staff will;

- listen carefully to the child and believe what they are saying;
- not promise confidentiality, as information may need to be passed on so the child and family can receive additional support;
- only ask for clarification if something is unclear and will not ask 'leading' questions;
- report disclosure to the designated safeguarding lead as soon as possible, certainly by the end of the day;
- only discuss the issue with colleagues that need to know about it; and
- will write up the disclosure and pass it to the designated safeguarding lead. It is likely they will have a discussion with the DSL prior to this.

5.4 The designated safeguarding lead will make a decision about the action that needs to be taken following a member of staff raising a concern about a child, or following a direct disclosure. The DSL may;

- Manage support for the child internally;
- Seek advice from the social worker advice line in the MASH;
- Instigate single agency intervention and work directly with the family to improve the situation;
- Offer an Early Help Assessment to provide multi-agency help to a family;
- In cases where children are deemed to be at significant risk of harm, the DSL will refer cases to the MASH for statutory intervention. Parental consent will be obtained wherever possible before referring cases to the MASH. However, if Corley Centre is worried that telling parents will mean the child is at greater risk of harm, we may do this without informing them.
- If parents do not consent to a referral but Corley Centre believes that a child is at significant risk of harm, a referral will still be made to children's social care.

5.5 For further information about the Coventry Safeguarding Children Partnership's 'Right Help, Right Time' guidance, which is used by Corley Centre to make decisions about protecting children, please visit <http://www.coventry.gov.uk/righthelprighttime>.

5.6 See page 17 for flowchart of actions that will be taken where there are concerns about a child (taken from Keeping Children Safe in Education, September 2019).

5.7 In cases where members of staff become aware that Female Genital Mutilation (FGM) has been carried out on a female below the age of 18, they have a mandatory duty to report this to the police without delay and will do so. Staff should refer this to the DSL, but the legislation requires regulated health and social care professionals and teachers in England and Wales to make a report to the police where, in the course of their professional duties, they either;

- are informed by a girl under 18 that an act of FGM has been carried out on her; or
- observe physical signs which appear to show that an act of FGM has been carried out on a girl under 18 and they have no reason to believe that the act was necessary for the girl's physical or mental health or for purposes connected with labour or birth.⁴

5.8 Corley Centre understands that both adults and other children can perpetrate abuse, and peer on peer abuse is taken very seriously. Peer on peer abuse can include bullying, cyber-bullying, physical abuse, sexting, sexual violence and/or harassment, up skirting, and initiation/hazing ceremonies. Corley Centre recognise that safeguarding issues can manifest as peer on peer abuse.

5.8.1. All members of staff will be made aware of Corley Centre's policy and procedures with regards to peer on peer abuse. Corley Centre will ensure staff understand what is meant by peer on peer abuse and Corley Centre policy on peer on peer abuse by staff training sessions with slides available throughout the school year. Staff will sign and date a register to confirm that they have received and understood the information/training shared.

5.8.2. Corley Centre will work to prevent peer on peer abuse by helping students understand what is and is not appropriate through a programme of protective behaviour training.

5.8.3. In the event that an allegation of peer on peer abuse is made, Corley Centre will investigate this. The wishes of the victim and how they want to proceed will be taken into account. Normal safeguarding practice will be implemented. Staff will complete a Green Form. This will be passed to the DSL who will carry out the following assessment on a case by case basis:

- the nature of the alleged incident(s), including: whether a crime may have been committed and consideration of harmful sexual behaviour
- the ages of the children involved
- the developmental stages of the children involved
- any power imbalance between the children. For example, is the alleged perpetrator significantly older, more mature or more confident? Does the victim have a disability or learning difficulty?
- if the alleged incident is a one-off or a sustained pattern of abuse;
- are there ongoing risks to the victim, other children, adult or others in school

Students will be informed about confidentiality and how information will have to be shared. Based upon the above assessment, The Green form will be completed with an accurate

⁴ *introduced in Section 5B of the FGM Act 2003, as inserted by section 74 of the Serious Crime Act 2015

account of decisions made. If referring to the police/social care, a copy of the conversation will be attached to the green form and recorded in the students safeguarding file.

5.8.4. In the event that an allegation of peer on peer abuse is made, victims and alleged perpetrators will be supported by the adult with whom the disclosure was made (Victim) and an adult that the DSL has identified to be an identified support for the perpetrator. Students at Corley Centre complete a High Five document where they identify five adults they feel comfortable with and would go to if there were to be a problem. Students will be encouraged to identify one of their five people.

5.8.5. Corley Centre will never pass off peer on peer abuse as 'banter' or 'part of growing up'.

5.8.6. Corley Centre are aware that the following issues may affect children within our school:-

- Abuse, Sexual, Physical, Emotional, Neglect.
- Bullying, in person and on line.
- Exploitation, CSE, County lines, Trafficking, Up skirting.

5.8.8. Through Safeguarding Training, all staff are made aware that 'upskirting' is a criminal offence.

5.9 Youth Produced Sexual Imagery ('sexting')

5.9.1 'Sexting' refers to any sharing of youth-produced sexual imagery between children. This includes;

- A person under the age of 18 creating and sharing sexual imagery of themselves with a peer under the age of 18;
- A person under the age of 18 sharing sexual imagery created by another person under the age of 18 with a peer under the age of 18 or an adult;

5.9.2 Corley Centre has a responsibility to educate children in the risks relating to 'sexting' and how to keep themselves safe online. *(Sex and Relationship Policy, currently under review).*

5.9.3 Any incidents or suspected incidents of 'sexting' should be reported to the DSL without delay.

5.9.4 Once reported to the DSL, the DSL will decide on the appropriate course of action. This could include;

- Confiscation of mobile phones in line with guidance 'Searching, Screening and Confiscation, (January 2018);

5.9.5 Corley Centre recognises that safeguarding incidents can be associated with factors outside Corley Centre and may take place outside of school. We will always consider contextual safeguarding factors when responding to safeguarding incidents.

5.9.6 Any incidents of 'sexting' involving the following will result in a MASH and/or Police referral;

- Adult involvement;
- Coercion or blackmail;
- Children under the age of 13;
- Extreme, or violent content;
- Immediate risk of harm.

5.9.7 Staff will not view images or videos on student devices. Confiscated devices will be stored securely and passed to the relevant agencies.

5.9.8 We will work with parents as necessary if their child is involved in 'sexting'.

5.9.9 We operate a culture of safeguarding and young people should feel confident to disclose if they have sent an inappropriate image of themselves. Children will always be supported to retrieve and delete the images.

5.10 Serious Violence

5.10.1 All staff will be made aware of indicators, which may signal that children are at risk of, or are involved with serious violent crime.

5.10.2 All staff will be made aware of the risks associated with serious violence, criminal networks and gangs and understand the measures in place to prevent these.

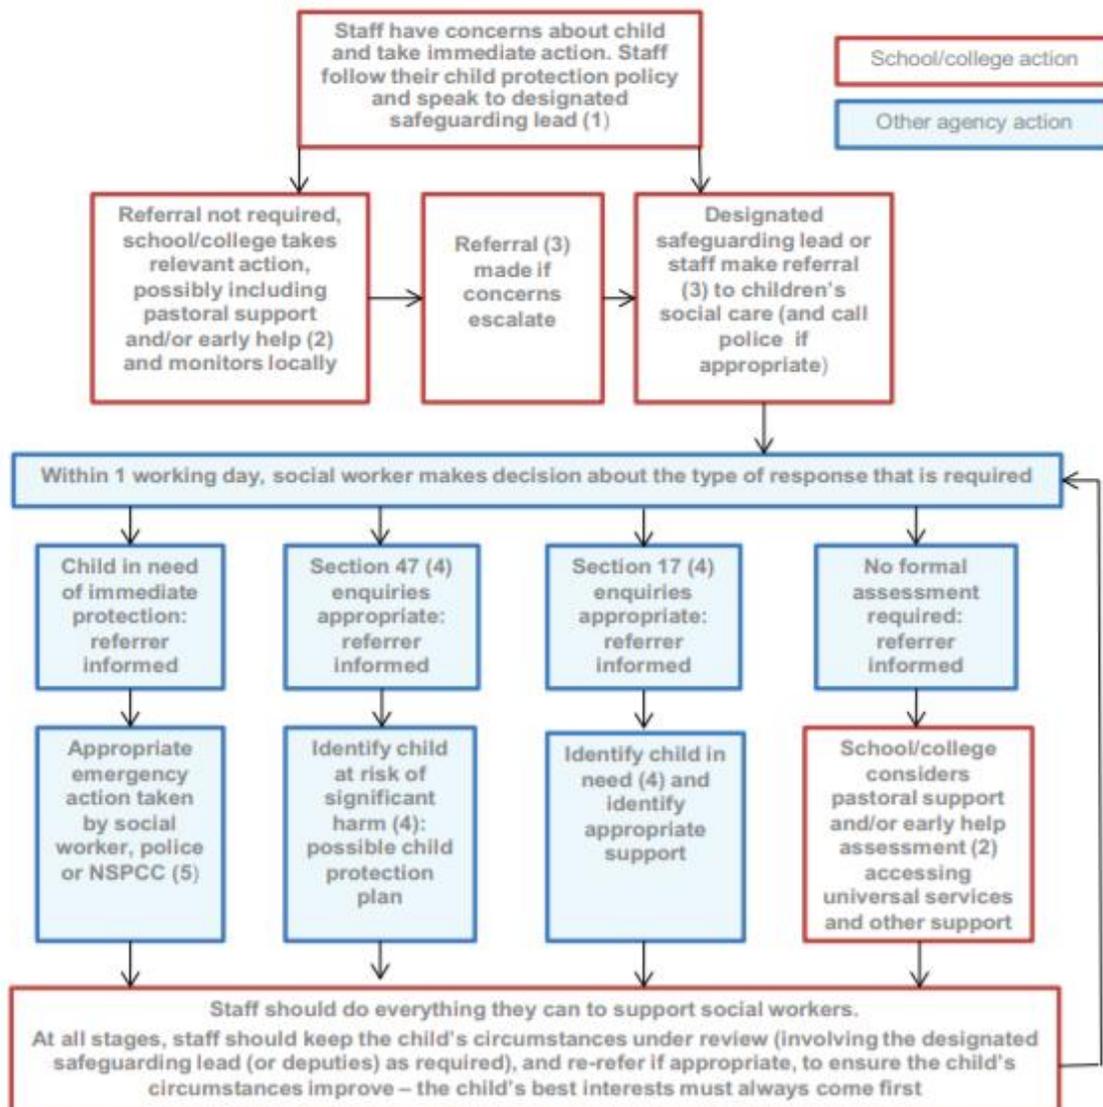

5.10 Searching, Screening and Confiscation

5.10.1 Where necessary, searching, screening and confiscation will be used to safeguard a child/children in Corley Centre.

5.10.2 Corley Centre adheres to 'Searching, Screening and Confiscation: Advice for Schools (January 2018).

5.10.3 Please see the Corley Centre [Searching, Screening and Confiscation Policy](#).

Actions where there are concerns about a child

(1) In cases which also involve a concern or an allegation of abuse against a staff member, see Part four of this guidance.

(2) Early help means providing support as soon as a problem emerges at any point in a child's life. Where a child would benefit from co-ordinated early help, an early help inter-agency assessment should be arranged. Chapter one of [Working Together to Safeguard Children](#) provides detailed guidance on the early help process.

(3) Referrals should follow the process set out in the local threshold document and local protocol for assessment. Chapter one of [Working Together to Safeguard Children](#).

(4) Under the Children Act 1989, local authorities are required to provide services for children in need for the purposes of safeguarding and promoting their welfare. Children in need may be assessed under section 17 of the Children Act 1989. Under section 47 of the Children Act 1989, where a local authority has reasonable cause to suspect that a child is suffering or likely to suffer significant harm, it has a duty to make enquiries to decide whether to take action to safeguard or promote the child's welfare. Full details are in Chapter one of [Working Together to Safeguard Children](#).

(5) This could include applying for an Emergency Protection Order (EPO).

5.11 To raise concerns about children, members of staff should contact the Multi-Agency Safeguarding Hub (MASH) by telephone to discuss the referral. They should then complete the online Multi-Agency Referral Form (MARF) and submit this to the MASH. Corley Centre will follow up referrals if we do not receive feedback from social care.

6.3 Staff will submit all concerns in writing on a Green Form to the DSL at the earliest opportunity. This may be after having a verbal conversation, but conversations will also be followed up in writing.

6.4 In the event that a child moves school, the safeguarding file will be transferred to the new setting securely and separately from the main school file. Once received by the new school, this school will not retain the information.

11. Allegations of abuse against staff

11.1 Corley Centre takes all allegations against staff seriously and will manage them in line with this policy, Part Four of Keeping Children Safe in Education (**September 2019**) and the **CSCP Guidance, 'Allegations against Staff and Persons in a Position of Trust'**.

11.2 If a concern or allegation of abuse arises against the Headteacher, it must be reported to the Chair of Governors (or equivalent) without delay.

11.3 If a concern or allegation of abuse arises against any member of staff other than the Headteacher, it must be reported to the Headteacher without delay.

11.4 Allegations of abuse against staff must be reported to the Headteacher or Chair of Governors as appropriate and not discussed directly with the person involved.

11.5 The Headteacher or Chair of Governors should consider if the allegation meets the threshold for Designated Officer intervention. The details of the LADO can be found at the front of this policy.

11.6 Concerns relating to a position of trust issue will be referred to the Local Authority designated officer within 24 hours.

11.7 If a child has suffered abuse or harm, a MASH referral will also be made.

Protective behaviours

PSHCE Curriculum including; emotional wellbeing, sex and relationships, drugs awareness, personal safety, healthy lifestyles.

13. Children Looked After

13.1 The most common reason for children to be looked-after is because they have experienced abuse and/or neglect. Corley Centre recognises that children looked after may have additional vulnerabilities. The Designated Lead for Looked-After and Previously Looked-After Children is Gill Szokalo

13.2 Staff will receive training on how to best safeguard children who are Looked-After and Previously Looked-After.

13.3 Corley Centre will work with Personal Advisors when children leave care (where applicable).

13.4 Corley Centre is committed to working with other agencies to ensure the best outcomes for Looked-After and Previously Looked-After children.

14. Children with Special Educational Needs

14.1 As outlined in Keeping Children Safe in Education (2019), Corley Centre is aware that children with additional needs or disabilities may be more vulnerable to abuse and additional barriers may exist when recognising abuse and neglect. This could be because;

- assumptions that indicators of possible abuse such as behaviour, mood and injury relate to the child's disability without further exploration;
- being more prone to peer group isolation than other children;
- the potential for children with SEN and disabilities being disproportionately impacted by behaviours such as bullying, without outwardly showing any signs; and
- communication barriers and difficulties in overcoming these barriers.⁶

4.2 Staff will be trained in recognising signs of abuse in children with SEN and disabilities.

4.3 Staff will take into account the needs of a child when responding to concerns of abuse or when taking a disclosure. We recognise that some children require specialist intervention to communicate and advice from the SENCO will be sought in these circumstances.

4.4 Safeguarding learning opportunities within the curriculum will be appropriately differentiated to ensure all children can access it.

15. Use of reasonable force

15.1 There may be occasions when staff are required to use reasonable force to safeguard children. We will not use any more force than is necessary.

All incidents of positive handling are currently written into the bound and numbered book. This will transfer to Behaviour Watch in the Spring term 2020. Staff at Corley Centre are trained to deescalate a situation to avoid a Team Teach intervention. The following is a list of strategies used before an intervention will take place.

- Time to talk
- A listening ear
- One to one
- Time out
- Positive response
- Distraction
- Personal targets
- Home school book
