

Art

Theme: Pop Art

Summer 2 Week 2

Class 7

Activity One

Using your photographs from your pop Art freeze frames from last week, choose one image that you would like to use today. On a piece of plain paper, you can sketch or trace the image onto paper. If you are tracing tape the photograph to the window and tape plain paper over the top.

Activity Two

Once you have traced or drawn out the whole image, you are now going to add colour. You can use paint, colouring pens or pencils. You will need to think back to the pop Art images or familiarise yourselves with the images below. Think about what colours and patterns you will need to use to make it Pop Art.

Activity Three

Reflection

Have you completed the following?

1. Have you painted inside the lines?
2. Have you used colours that link to pop art?
3. Have you included a pattern that is linked to pop art?
4. Have you experimented with colours? Have you included contrasting colours?
5. What could you do to improve this image?
