

Science

Theme: Wonderful World

Summer 2 Week 3

Class 3

Activity One:

What is the difference between weight and mass?

You can find out here:

<https://www.youtube.com/watch?v=Y8-T8RouhPA>

Activity Two:

Work through the PowerPoint presentation about Mass.

See if you can work out which objects are heavier, and which are lighter.

Activity Three:

Have a go at answering some questions about mass and weight on the worksheet.

Read the questions carefully and take your time.

You could also explore this website to find out further information about mass and weight:
